Mike,

Lauren Petter (EPA R4) forwarded your email message to me. She would still like someone to briefly cover MT's approach and asked if I would be willing to step in since you are unavailable... so, I'm checking with you on that.

I don't want you to feel at all pressured to participate in the webinar but I also wanted to make sure you'd be ok if I tried to present some of the MT info. If you end up being back by March 27th, great. If not, I can try to cover for you. Just let me know your thoughts.

I had forwarded her your slides from the 2012 RTAG (I'll email them to you separately). She reviewed them and really liked the detailed NNC talk. See her comments below.

MT Overview: Slides 7, 9-11. See more info on detailed ppt.

MT Detailed: I preferred the more detailed presentation (all slides good). Maybe some of the above slides from the overview could be mixed in for more detail.

That's all for now. Hope you are doing ok and that Rosie is out of the hospital soon.

Tina
